

NWX Quick User Guide

(V1.3)

Hardware Specification

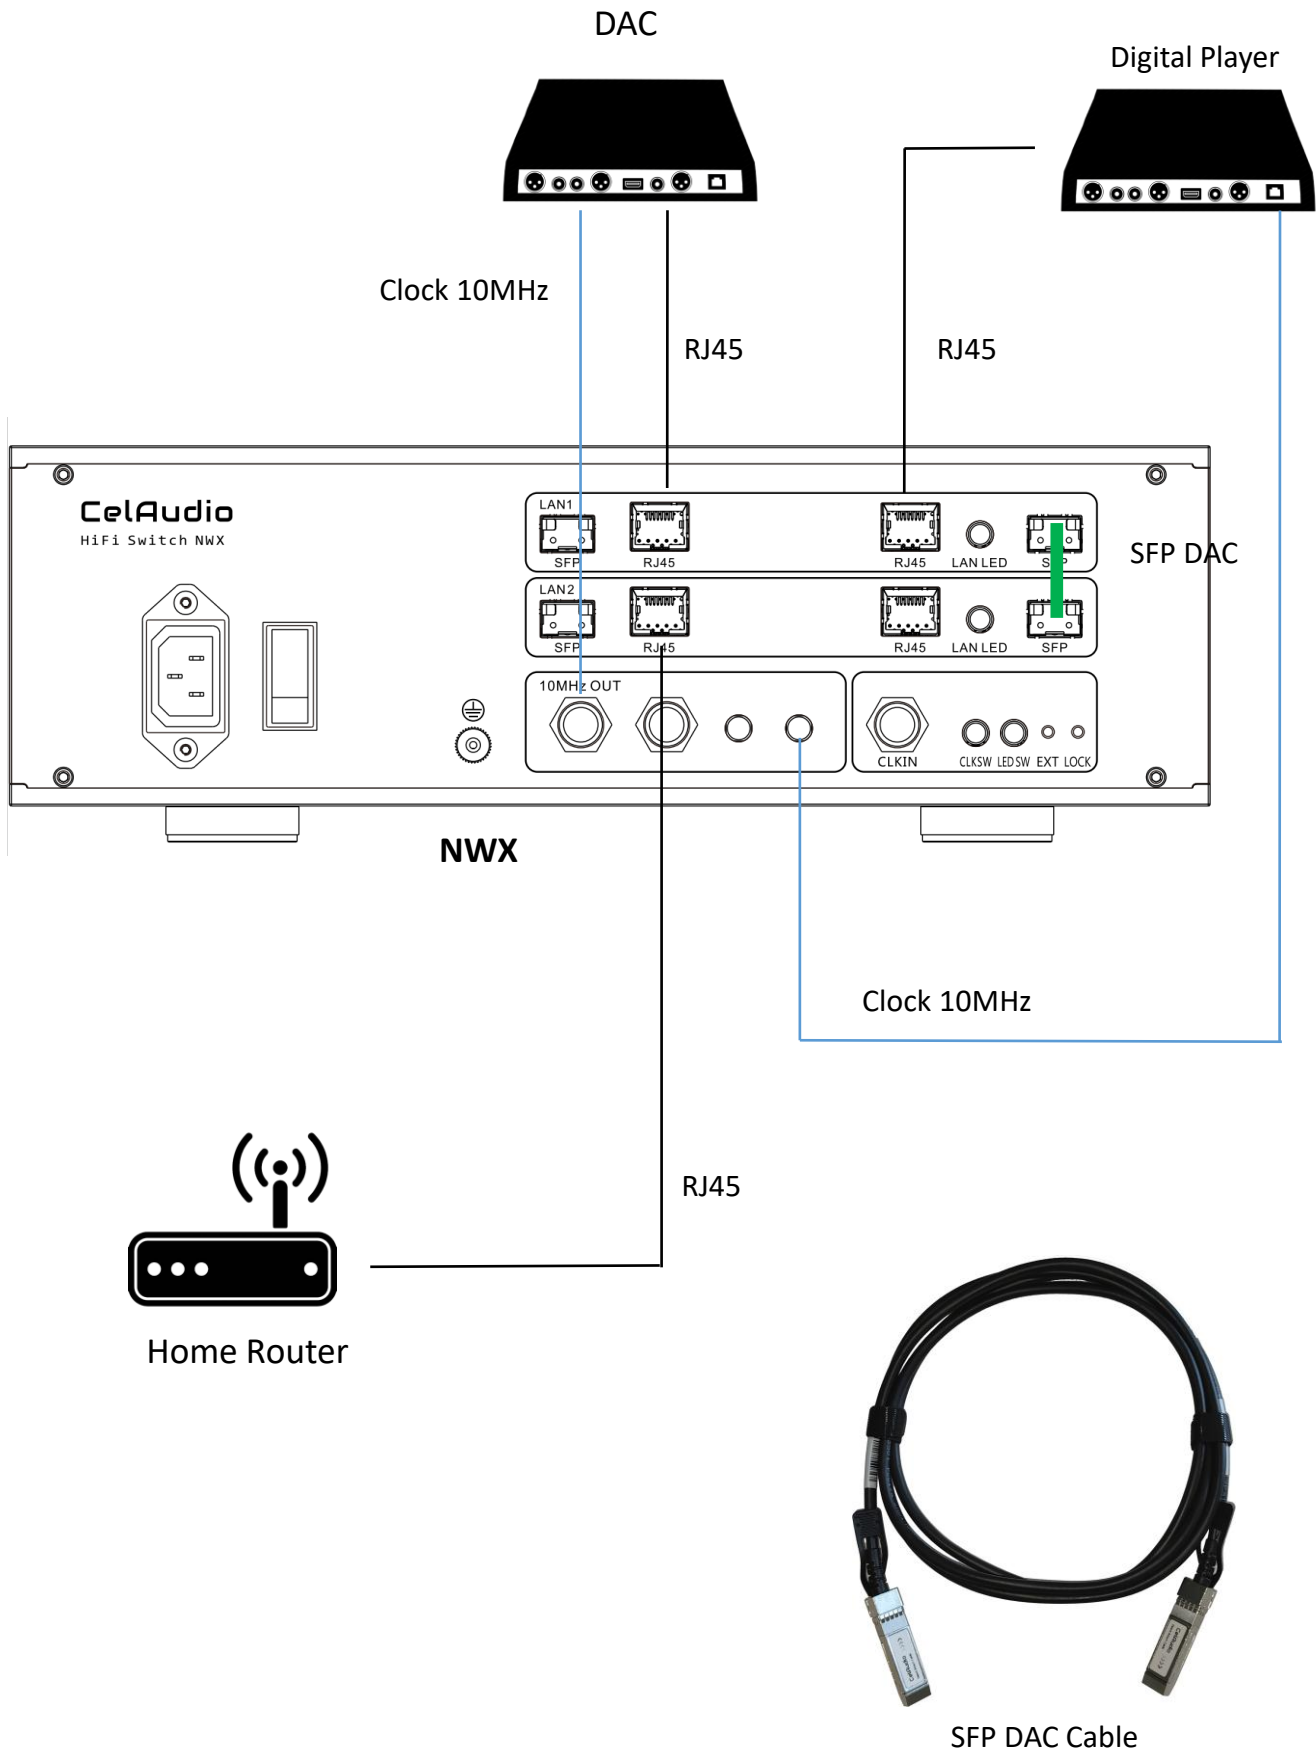

Rear Panel

NWX rear panel ports:

1	Power Socket
2	Power Switch
3	Digital Ground
4/5	10MHz BNC Clock Output, 3.3V LVCMOS Standard
6/7	10MHz SMA Clock Output, 3.3V LVCMOS Standard
8	10M Reference Clock Input. Input Level $\geq 0.6V$ RMS
9	Clock Source Selection Switch. Press in to Select External Clock
A	Clock Source Indicator Light Switch. Press in for Normal Indicator Light, Otherwise the Indicator Light Turns Off
B	Clock Source Selection Indicator Light. Light On for External Clock, Light Off for Internal Clock
C	Clock Lock Status Indicator Light. Light On for Normal Lock
D/E/L/M	SFP Port
F/G/H/I	RJ45 Port
J/K	RJ45 Indicator Light Switch. Press in for Normal Indicator Light Display, Otherwise the Indicator Light Off

Typical Device Connection

Purchase Methods/Channels of Cables and Connectors

SFP-DAC direct-attach cable: Please contact the Customer Service of CelAudio

NCK II network cable: Please contact the Customer Service of CelAudio
